Program Description:

Shoreline Community College offers a short-term program in Sustainable Business Leadership leading to a Certificate of Completion (CC) and an entry level position in the industry. Students interested in advancement are encouraged to enroll in longer courses of study to complete additional certificates or associate degrees in General Business or other areas of interest. Students pursuing a four-year baccalaureate degree in Business should follow the Business Associate in Arts (AA-DTA) direct transfer degree planning guide.

Sustainable Business Leadership —What is it?

Sustainable business is a commitment to ecologically sustainable business practices, such as renewing energy, recycling products, building green, investing green and using our resources efficiently. This short-term certificate in Sustainable Business Leadership focuses on sustainable business practices to include marketing and business strategies that promote green business. Courses compliment other advanced degrees or working professionals interested in sustainable business leadership. For advanced study, consider additional certificates, Associate in Applied Arts and Science (AAAS) degrees in General Business or Marketing, or transfer to a university.

Program Outcomes:

Students who successfully complete this program **-by achieving a GPA of 2.0 or better for the entire program-**should be able to:

1. Understand the role of Business in society and the importance of sustainable business practices.
2. Identify and describe sustainable business initiatives and marketing practices.
3. Create and diagram sustainable business systems.
4. Develop sustainability assessments and report on sustainability progress.

Career Opportunities—What can I do with a Certificate in Sustainable Business Leadership?

Employees and employers, business and government leaders, families, students and educators can incorporate knowledge of sustainable business practices into current or new positions. Depending on level of education and skills, positions may include: Sustainability Managers, Home Energy Specialist, Green Investment Managers, Sales Representative, Marketing Specialist, Sustainability Specialist, Advocate or Trainer.

Potential employers include: Small businesses, corporations, government agencies, public and private schools—basically, any business or organization that subscribes to clean, renewable energy, resource efficiency and environmental care.
