All smiles, all business

Katie LeBrun, Frenchie Loveheart and Sage Kay (from left) take a moment from their duties during a garage sale to raise funds for the Shoreline Community College chapter of DECA. LeBrun, Loveheart and Kay are three of four winners at a recent regional DECA competition against other colleges and universities.

Funds from the sale will help send about a dozen DECA team members to the national competition. Under the direction of advisors David and Mona Starr, students in Shoreline’s DECA chapter are perennial winners at regional, national and international competitions.

Math changes course

New paths to fit students’ needs

Shoreline Community College

From President Obama to employers like Boeing, “STEM” has become a key reference when it comes to higher education and the jobs of the future.

The letters stand for Science, Technology, Engineering and Math. Of the four areas, it’s that final one – math – that holds the key to all the rest and can add up to anxiety for many.

This winter, Shoreline Community College is taking steps to ease the anxiety and straighten the path to success in math.

A significant number of students are not prepared for college-level courses when they
Shoreline picks four finalists for president

Four finalists have been identified to be the next president of Shoreline Community College and public interviews scheduled.

“That we have four such top-caliber candidates is a testament to the quality of the college and the many accomplishments of our faculty, staff and students,” said Shoubee Liaw, Chair of the Board of Trustees.

(See the candidates in alphabetical order at right)

Shoreline’s president position became open in June, 2013, when former President Lee Lambert left for the chancellor position at Pima Community College in Tucson, Ariz. Leading the college since that time has been Interim President Daryl Campbell. Campbell served as vice president for administrative services at Shoreline since 2008. To ensure an open and competitive search process, the Board of Trustees determined that the interim president wouldn’t be eligible to apply for the permanent position, a common idea in such cases.

The search process began in earnest in September, 2013, when the Board of Trustees voted unanimously to contract with the Association of Community College Trustees (ACCT) to conduct a national search. In October, college-wide forums were conducted to gather input on the qualities and qualifications desired in a next president.

In November and December, a Presidential Search Screening Committee was formed with representatives from across the campus and community. Following the Jan. 3 application deadline, the screening committee members reviewed all applications, interviewed semi-finalists by phone or Skype and recommended finalists to the board.

On-campus interviews with the four finalists for the president’s position at Shoreline Community College are scheduled for the week of April 7.

“I really urge people to come and participate in these open forums and share your thoughts,” Liaw said. “The sessions will be open to faculty, administrators, staff, students and the general public.”

The candidates are scheduled for individual campus visits on four days: April 7-8, 10-11. No visit is anticipated for April 9.

Each interview day will start with a reception by administrators followed by an interview with the Executive Leadership Team. After lunch, each candidate will go on a directed campus tour, followed by the open forum, then a student-specific forum and then an evening dinner and interview with the board of trustees.

**The four candidates vying for the top spot at Shoreline**

- Warren Brown is Executive Vice President for Instruction and Student Services at Seattle Central Community College. He previously served as Dean for Student Learning at Cascadia Community College. Brown earned a Bachelor of Arts in Political Science from the University of Washington, a Master of Science in Speech Communication from Portland State University, and a Doctor of Education in Higher Education Curriculum and Instruction from the University of Washington.

- Paula T. Langteau is Campus Dean and CEO at the University of Wisconsin-Marinette, a position she’s held since 2004. Langteau came to UW-Marinette from Nicolet Area Technical College in Rhinelander, Wis., where she was Dean of Instruction. Prior to serving at Nicolet, she was the Director of the Center for Teaching and Learning at Georgia Perimeter College, Atlanta, Ga. Langteau received a B.A. in English, Eureka College, Eureka, Ill., earned an M.A. in English and completed Ph.D. coursework in Literature at Ball State University, Muncie, Ind.

- Cheryl Roberts serves as President of Chemeketa Community College, a multi-campus college based in Salem, Ore. She previously served as Vice President for Instruction at South Seattle Community College. She earned a Bachelor of Arts in Psychology from Seattle University, a Master of Arts in Student Personnel Administration in Higher Education from Ohio State University and a Doctor of Education in Educational Leadership from Seattle University.

- Dennis Rome is Associate Provost and Vice Chancellor for Academic Affairs for the University of Wisconsin-Parkside in Kenosha, Wis. He previously served as the Chair of the Department of Criminal Justice for the University of Wisconsin-Parkside. He earned a Bachelor of Science in Sociology from Bradley University, Peoria, Ill., a Master of Arts in Sociology from Howard University, Washington, D.C., and a Doctor of Philosophy in Sociology from Washington State University.

**Dates and times**

Monday, April 7  Paula Langteau
Tuesday, April 8  Dennis Rome
Thursday, April 10  Warren Brown
Friday, April 11  Cheryl Roberts

All public forums will be from 2:45-3:45 p.m., in the PUB Main Dining Room.

**Thompson named Dean of Students**

Kim Thompson is the new Dean of Students at Shoreline Community College.

“The field of candidates made this a difficult decision,” Acting Vice President for Academic and Student Affairs John Backes said in making the announcement. “I’m pleased that Kim’s breadth of experience will continue to benefit our students.”

That experience for Thompson began as a student at Shoreline. After getting an Associate in Arts degree at Shoreline, she went on to earn a Bachelor’s degree in Psychology from Seattle University and then an M.A. in Psychology from Portland State University.
Father-daughter time at college is working for both

Nick Begley came looking for a preschool and found a new direction for his own life.

When Nick Begley enrolled his daughter as a student in the Shoreline Cooperative Preschool affiliated with Shoreline Community College, he had no idea it would lead him becoming a student, too.

Begley was looking for child care and had heard about the co-op, but it wasn’t until registering his daughter for the program that he found out about the community college connection. As with most co-op preschools, parent involvement is required. However, parents of children at the Shoreline Community College-affiliated co-ops are also enrolled in a one-credit online parent-education course at the college.

That one-credit class means co-op parents have the opportunity to take other classes, a feature that came in handy a few months later when Begley was laid off from his job. While looking into the details, Begley decided to check out financial aid options. By the summer of 2012, father and daughter were attending the same school.

With aid in place, Begley was able to attend as a full-time student, which also gave him time to become more involved in the preschool after a few months.

“Being in the co-op means you’re involved, that’s just part of it,” Begley said. “I saw there was a board position and I joined. It was shortly after that that I developed a passion for education not only for myself, but for everyone in general.”

Begley saw the value in education and fell in love with the community college setting.

“A lot of teachers and students are here for the learning side of college and most choose to go here,” Begley said. “The people here are a big difference, too. It’s so diverse.”

Now, the former restaurant manager’s goal is to work in educational leadership, and is currently the Social Justice Minister on the Student Body Association’s Parliament. His career goals are to have a high-level administration position in higher education, be a principal in secondary education, be a superintendent or go into state Legislature.

After Shoreline, Begley plans on transferring to the University of Washington – Bothell for a degree in public health and wants to continue to get a master’s and perhaps doctoral degree in institutional leadership. Begley said knew he could succeed in school, but gives credit to the preschool for putting him on this path.

“My dedication to school this time has become slightly obsessive,” Begley said. “I’m now five or six quarters in and I have to keep up my 4.0 GPA. I have had some friends looking at my situation and talking about it and now two are going back to school saying, ‘if Nick can do it, so can I.”

He says education at Shoreline has made him more open to think critically.

“I’m not going to make a ton of money going into public health, but it’s not about that. Education changed that for me. Now it’s ‘Will it make me a better person?’

The Shoreline Concert Band will play at 7:30 p.m., Tuesday, March 11 at the new Shorewood Performing Arts Center.

“Our theme for the concert is ‘Classy Classics,’” said Ken Noreen, director. “The audience will have an opportunity to hear many familiar pieces like ‘Pictures at an Exhibition’ by Mussorgsky and Offenbach’s ‘Can Can.’”

The concert will feature two guest groups, the Shoreline Singers directed by Shoreline music Prof. Fred Lokken, and the Around the Sound Concert Band directed by Michael Alstad.

Another special feature of the concert will be an opportunity to honor local All-State musicians from Shorewood and Shorecrest high schools.

Tickets available at the door: $8 general, $6 for seniors and students, and $4 for SCC students. For more information, call Noreen at 206-227-3842.
Get an edge with entrepreneurial training

Shoreline Community College

Shoreline Community College has offered the nationally renowned Plus 50 program to help those in the community who are looking for the employable skills they need to make mid-career transitions.

Now, Shoreline is adding the new, Entrepreneurial Edge program with information and training for those looking to start their own business or maybe improve on the one they’ve got going now.

For more information on Entrepreneurial Edge and all the Plus 50 programs, contact Plus 50 staff at:
• 206-533-6706
• workforce50@shoreline.edu

Entrepreneurial Edge: What’s Next?

You’ve thought it over and have finally decided to discover your strengths, uncover opportunities, and design the business of your dreams. This course will take you from pre-startup assessment, into planning, and on to designing a money-making venture. Attend up to 10, one-hour lectures, with three Launch Labs, featuring local business leaders who will discuss their keys to success.

Lectures
• 10:30-11:20 a.m.
• Tuesdays, April 1-June 3
• Room 2703

Launch Labs
• 6-9 p.m.
• Tuesdays, April 22, May 13, June 3
• Room 1302
• Class/Item - P-BUS 200/6943

Total tuition - $62.68

Quick Keyboarding

Learn to type using all your fingers and increase your speed and accuracy. At the end of the first session, you will be able to type all the letters of the alphabet, horizontal numbers, comma and period to type all the letters of the alphabet, the end of the first session, you will be able to increase your speed and accuracy. At the end of the first session, you will be able to increase your speed and accuracy.

Details
• 4-7 p.m., Tuesdays, May 20-June 10
• Room 1300
• Class/Item - P-CMP 101/Item 6932
• Tuition: $34.47

E-Mail- Outlook Basics

Most business and service provider offices are networked with Outlook. This is an essential class for those of any age preparing for work as an assistant in administration, human resources, lab work, or starting a business. Topics: An overview of email components, an introduction to Outlook 2010, composing and organizing messages, setting up and managing contacts and to-do lists, scheduling appointments, and organizing meetings. No previous experience required.

Details
• 4-7 p.m., Tuesdays, May 15
• Room 5116
• Class/Item - P-CMP 114/6923
• Tuition: $78.34

Integrated, Self-Paced Computer Lab

Come to a self-paced laboratory environment and work in the company of other job-seekers to get experience with Microsoft Outlook, Word, Excel, or PowerPoint. Outlook: This five-week course will prepare you for the office environment with one-on-one guidance. It’s also a great prerequisite to our singularly focused Microsoft application courses. Consider our Quick Keyboarding course, which meets the week before in the same computer lab. A memory stick or thumb drive is required for this class.

E-Mail-Outlook Basics

Most business and service provider offices are networked with Outlook. This is an essential class for those of any age preparing for work as an assistant in administration, human resources, lab work, or starting a business. Topics: An overview of email components, an introduction to Outlook 2010, composing and organizing messages, setting up and managing contacts and to-do lists, scheduling appointments, and organizing meetings. No previous experience required.

Getting Started

at Shoreline Community College

NEW STUDENT CHECKLIST

Welcome to Shoreline Community College!

You are taking an important step toward reaching your educational and personal goals. We are strongly committed to your academic success and will provide you with instruction, a rich environment in which to learn, and a variety of student support services and activities. Your success starts here at Shoreline Community College. Use this checklist to keep track of what’s needed prior to your first day of class.

Enroll now and get closer to your dreams!

Important dates

Spring Quarter 2014
Starts March 31, 2014

Summer Quarter 2014
Starts June 23, 2014

Enrollment Services
Shoreline Community College
16101 Greenwood Ave. N.
Shoreline, WA 98133-5696
E-mail: sccdmiss@shoreline.edu
Website: www.shoreline.edu

Apply for admission

Go online: www.shoreline.edu/forms, select Admissions Application.

Apply for financial aid

Go online: www.fafsa.gov or www.shoreline.edu or call Financial Aid at (206) 546-4762. Submit the FAFSA, Shoreline data sheet and other required forms.

Take the compass test

For details go to www.shoreline.edu/testingcenter or call (206)546-4808. Visit the English language learners. Call the ESL program before testing (206) 546-5927.

Submit your high school transcript

If you have graduated from high school within the past 5 years, arrange to have an official high school transcript sent to Enrollment Services.

Submit your official college transcripts

Arrange to have official college transcripts sent to the Enrollment Services and submit a Request for Transcript Evaluation if seeking a transfer degree. www.shoreline.edu/shorelineread/TransEvalForm.pdf

New student orientation & registration

Review your orientation, registration and advising options at www.shoreline.edu/advising/orientation/orientation.aspx

Register for classes

Enrollment Services is located in the FOSS (SOOS) building. Register online at www.shoreline.edu

Pay tuition

Online or payment plan; www.shoreline.edu/es/PayTuition.aspx, or at the Cashier’s Office, FOSS (SOOS) building. (206) 546-7850.

Buy a parking permit

Buy your quarterly parking permit or bus pass at the Cashier’s Office, FOSS (SOOS) building. (206) 546-7850.

Buy your books

Buy books in the bookstore or online: www.shorelineccbookstore.com

Get your student ID

Get your free student photo ID at the Library. Bring proof of tuition payment and a legal photo ID with you.

Find your classes

Find your way around campus using the map in the class schedule or online.
Working with Word 2010 Level 2
Move beyond the basics of word processing. Enhance your documents with components like managing a list, customizing tables and charts, creating templates, automating mail merges, modifying pictures, and creating customized graphic elements. Prerequisite: Word 2010 Level 1 or equivalent.

Details
- 6-9 p.m., Wednesdays, April 30-May 14
- Room 1401
- Class/Item – P-CMP 132/Item 6931
- Tuition: $31.34

Working with Excel 2010 Level 1
Get the basics and beyond for creating spreadsheets. You will create, edit and format a worksheet, perform calculations, print workbook contents, filter and sort data, and work with charts. Prerequisites: Familiarity with the Windows environment, or Getting Started with Computers, or Integrated, Self-Paced Computer Lab. A memory stick or thumb drive is required for this class.

Details
- 6-9 p.m.
- Room 1308
- Tuition: $31.34 | Start date: 11/13/2013 | End date: 12/4/2013 | Item 6929

Working with Excel 2010 Level 2
Enhance and broaden your Excel skills by calculating data with advanced formulas, organizing worksheet and table data, presenting data using charts, analyzing data using Pivot Tables and Pivot Charts. Prerequisite: Excel 2010 Level I. A memory stick or thumb drive is required for this class.

Details
- 6-9 p.m., Tuesdays May 27-June 10
- Class/Item – P-CMP 132/Item 6931
- Tuition: $31.34

College foundation has scholarships available

Shoreline Community College

The Shoreline Community College Foundation has more than $137,000 available in student scholarships for the 2014-15 academic year. New scholarships available this year include:

Friday and Saturday nights
10:00 PM to 12:00 AM
come to Shoreline and most other colleges. Shoreline’s math faculty realized that while there is a lot of attention on STEM-related degrees and careers, many other degrees and jobs are less math intensive.

However, all students who needed help getting to college-level math were being asked to follow the same path, whether they were aiming at an engineering degree or a less math-intensive degree.

“If a student needed pre-college math help, we had Math 60, 70, 80 and 99 and that was it,” said Shoreline’s Dean of Math and Science Susan Hoyne. In that sequence, Math 80 and 99 provided the foundation for subsequent college-level calculus classes, even if the student had no intention of ever taking calculus.

“Now, for students who may be headed for a liberal arts or humanities degree, we have a new, non-calculus sequence,” Hoyne said. The new sequence includes a new Math 80 class, which allows these students to skip Math 99. Students in this sequence can go right into several college-level, non-calculus math classes that are intended to fill the degree’s math requirement.

“Of course, we urge students to check with one of our advisors or the intended transfer college or university to confirm their requirements,” Hoyne said.

Starting this spring, aiming at a degree that requires the calculus math sequence and need help getting to college-level classes will still have Math 60 and 70 available, then move on to a new class, Math 98, and then Math 99, Hoyne said.

The new Math 98 class is much the same as the former Math 80 calculus-sequence class, but renamed to help avoid confusion.

National studies show that math can be a significant barrier to college success for many students. This new math sequence is an attempt to give students the education they need to be successful in the areas of study and employment they are choosing.

Shoreline Community College Presents

‘Hairspray’

‘Hairspray’ is coming to Shoreline, May 16-18 and 23-25

The 1950’s are out and change is in the air at Shoreline Community College Theater.

“Hairspray,” the winner of eight Tony Awards including Best Musical is coming May 16-18 and 23-25 with Friday and Saturday performances starting at 7:30 p.m. and Sunday matinees at 3 p.m.

Directed by Corey McDaniel is a family-friendly musical piled high with laughter, romance and toe-tapping tunes.

Set in 1962 Baltimore, “Hairspray” is the story of the lovable plus-size teen Tracy Turnblad and her one and only desire, to dance on the popular Corny Collins Show. When her dream comes true, Tracy is transformed from outcast to star. She uses her new-found popularity rise to the top, win over her heartthrob and makeover a TV network, all without mussing her ‘do.

Shoreline Community College - Winter 2014
Dan Fey brings workforce experience to Shoreline

Shoreline Community College

Dan Fey is the new Dean of Workforce and Continuing Education at Shoreline Community College.

“I’m very pleased that Dan is joining our team here at Shoreline,” said Interim President Daryl Campbell.

“Dan’s extensive experience in the workforce environment and his abilities to see opportunities for partnerships and then forge those alliances will not only help our students be successful, but also help our communities prosper.”

Fey has served as the Chief Operations Officer for the Workforce Development Council of Seattle-King County (WDC), where he has worked since 2000. In 2009, Fey became the COO for the WDC, overseeing staff and work plans at the WDC under the leadership of Marlena Sessions, CEO for the WDC.

“The community and technical college system offers a great opportunity for students to get on a pathway to self-sufficiency,” Fey said. “The skills they get can also satisfy the employer-base across the region.”

At the WDC, Fey was involved in funding such programs at Shoreline and other colleges and service providers. Now, he’ll be the one implementing the programs and looking for funding.

“I have a deep respect for Shoreline’s staff and programming,” Fey said. “While I have much to learn from Shoreline’s expertise, I believe I have much to give the college, its staff and its students.”

Fey earned a BA in English from the University of Washington. He holds a Master’s in English Literature from the University of Michigan and a Master’s in Public Administration and is in Doctor of Education program at Northeastern University – Seattle.

Stevens named to interim VP position

Shoreline Community College

Alison Stevens has been named Interim Vice President for Academic and Student Affairs.

Stevens comes to Shoreline from North Seattle Community College where she served as Dean of Arts, Humanities and Social Sciences. Her first day on the job at Shoreline was Jan. 2.

“Dr. Stevens brings a wealth of experience and perspective to Shoreline and I’m very pleased she has chosen this opportunity,” Interim President Daryl Campbell said.

Prior to her duties at North Seattle, Stevens was Dean for Instruction at Seattle Central Community College. She also served at the University of Washington for more than 10 years as the Director of Programs for International Outreach.

“The faculty, staff and administration of Shoreline clearly understand what student success is all about: putting resources of all kinds into moving a diverse student body forward,” Stevens said.

Stevens said she is a strong believer in open communication, collaboration and participation when it comes to working with others. “I have a background in mediating on behalf of the Department of Social and Health Services as a Fair Hearings Coordinator,” she said, “an experience that serves me well in situations of difficult decision-making and interpersonal conflicts.”

Stevens holds a Ph.D. in Romance Languages from the University of Washington. Her doctorate was in theoretical syntax, which, Stevens says, “has served me well as a systems analyst in higher education.” She received a Master’s in Teaching in English as a Second Language from the UW, and a Bachelor’s degree in Foreign Languages and Literature from Washington State University. She is also a graduate of the Washington Executive Leadership Academy and Stanford’s Executive Leadership and Management Institute.

DEAN, From Page 2

a Master’s degree in Social Work from the University of Washington. During that time, she worked as classified employee, faculty member and administrator at Shoreline. She moves to the dean’s position from her previous job as Associate Dean of Students, a position she’s held for the past year while maintaining her responsibilities as Director of the Office of Special Services.

“I’m gratified by the confidence placed in me for this appointment,” Thompson said. “I’m committed to doing everything we can to help our students meet their goals.”

As part of her role with the Office of Special Services, Thompson launched a center for returning military students funded by a $370,000 grant by the U.S. Department of Education. Shoreline has been honored with “Military Friendly” status for the past three years.
