GM Service and Parts Meeting  
November 15, 2007

The meeting minutes are summarized to reflect only the GMASEP portion.

The meeting was opened by the President, Eric Stroh

GMASEP Instructor Scott Main reviewed the following:

ASEP Class 2006 – 2008 Overview
1. 2 on Campus quarters have been completed  
   i. Brakes and Suspension  
   ii. Engine Repair and Manual Drivetrains  
2. 1 Cooperative Experience has been completed

ASEP Class 2007 – 2009 Overview
1. Current class is in session on campus  
2. Brakes and Suspension

Overall GMASEP Direction
1. Opening will change to offer openings every Fall and Winter quarter  
2. 5 – 7 new apprentices each quarter each year  
3. 12 – 14 apprentices in each cycle

Scott asked the group about the support in a new type of program.

1. GM Apprentice Technician program (Non-degree program)  
   i. Students would enter the program at a specific point  
   ii. Those students would go 4 consecutive quarters  
   iii. More Dealer involvement would be necessary  
   iv. Students would complete in 1 year

2. Scott asked if the dealers would support this type of process.  
   i. The dealers indicated “YES”

Scott stated that he would look into this idea further.

1. Viability?  
2. Certificate program?

Scott closed with a thank you for supporting the program.
